

WELCOME

Dear Prospective Parent (Guardian),

Abraham Lincoln once said, “The philosophy in the classroom of one generation becomes the philosophy of government for the next generation.” At Ankeny Christian Academy, we are excited about partnering with you in the education of your children, the next generation of Christ-followers in America. Since 1993, ACA has been working to meet the need for excellent Christ-centered education in Ankeny and the surrounding areas. The school is built on the philosophy that you as parents are responsible before God to educate your children. It is a monumental task that works best when home, school and church labor together with a common goal in view.

As you consider Christian education, we want you to see the benefits available to your children. Our curriculum is strong academically and integrates Biblical concepts into each lesson. Limited class size allows caring certified teachers to give individual attention to students. Those teachers have been carefully chosen to include people who are passionate about education, growing in their understanding of their chosen subject, and committed to a Christian world-view. A growing program of athletics, art, music and other extra-curricular activities helps to round out an excellent education. Our goal is to help your children succeed academically and prepare them for life!

Although the Ankeny Christian Academy Administration desires for Christian education to be affordable, the annual cost to educate each student is not entirely met by our tuition. Although we have set our tuition at a minimum amount, you may inquire about additional programs that ACA offers to reduce your tuition cost such as our Tuition Reduction Incentive Program (TRIP).

Enclosed please find enrollment information for your child(ren). If you need extra forms they are also available on our web site at www.ankenychristianacademy.org/enroll. If you have questions or would like to schedule a tour or parent interview, please feel free to call the school office at (515) 965-8114.

Thank you for considering Ankeny Christian Academy. We look forward to working with your family!

Following the Lord’s Lead,

*Joyce Hansen
ACA Administrator*
