

Homeschool Student Registration for ACA Athletics 2011-2012

A non-refundable athletic registration fee of \$175 will enroll the following student as an Ankeny Christian Academy (ACA) athlete to participate in any ACA sports for the school year of 2011-2012. Regular sport participation fees will be charged for each sport in which the student participates. Fees are as follows: JV/V football- \$200, High School sports - \$125, Jr. High football - \$125, Jr. High sports - \$100. These fees are subject to change for next year's season.

I agree to follow guidelines set by the Iowa Boys and Girls Athletic Unions dealing with participation of sports. Registering as a home schooler with ACA, I am aware that my son/daughter will participate as an athlete for an ACA team **only** or a team with which ACA has a cooperative share agreement for this school year. If I choose to have my son/daughter participate in a sport for another school, I will inform ACA's athletic director immediately and I know my son/daughter will be required to wait the mandatory 90 school days, before participating with another school at the high school varsity level.

My high school student is also following Athletic Union guidelines by taking a minimum of four full-time classes or 20 semester hours that count toward graduation. See IGHSAU Constitution & By-Laws 36.15(2)c. öThey shall have earned 20 semester hours' credit toward graduation in the preceding semester and shall be making passing grades in subjects for which 20 semester hours' credit is given for the current semester as determined by local policy.ö
